Work is progressing rapidly on the remodeling of the old bakery store and garage, and another building will doubtless see the ground for work to start on the new building that is to occupy its site. Mr. Saathoff has moved his sales department to the confectionery with Geo. R. Weynand where he will be located until the new building is ready for occupancy.

LEGISLATOR FOUND DEAD.

A. J. Durham of Sabinal Succumbs to Acute Indigestion.

AUSTIN, Texas, March 4.—Representative A. J. Durham of Sabinal, Uvalde County, was found dead in bed Friday shortly after the House met for its morning session. He is believed to have died from acute indigestion shortly after midnight.

He attended the barbecue given Thursday evening to the Legislature by the citizens of Austin. When he retired for the night he apparently was in good health, but was found dead Friday morning at his rooming house near the Capitol.

Mr. Durham was the second member of the House to die this session. Representative Norman Kittrell of Houston was the other.

The House Friday afternoon adopted a resolution by Representative Fly and others on Mr. Durham's death, calling for the naming of a committee of nine to make arrangements for the funeral and attend the services. The resolution also set forth that the House adjourn Friday out of respect and in honor of the memory of the dead member.

Mr. Durham was a Southwest Texas pioneer and was serving his third successive term. He was at the head of the farm bloc in the Thirty-Eighth Legislature. One measure he had introduced this session provided for a preferential primary.

Mr. Durham was a stockman and farmer and had lived in Sabinal since 1879. He was 70 years old and was born in Maryland. In 1883 he married Miss Clara Kennedy, daughter of the late Ross Kennedy, a pioneer and well-known ranchman. He was a Mason, an Odd Fellow, a Knight of Pythias and a Woodman of the World and was active in all those bodies.

POWER BY WIRE OPENS NEW FACTORY CENTERS.

A two-train shipment of electric washers from their factory in a little Iowa town to the Pacific Coast, is a remarkable business drama. It shows that enterprise can build big in the smallest place. More and more, the factories are sure to go to the cleaner, freer outdoors—the villages and little towns when one can live as an individual, and not as a numbered nonentity. Electric power makes industrial development in rural communities possible.

A. J. DURHAM

In a letter written to The News two years ago Mr. Durham expressed his love of Texas as follows:

"Texas has been good to me. She took me to her bosom a poor, sick, friendless boy. She nursed me back to health, she unlocked her storehouse of wealth and set her opportunities before me and has been kind to me down to this hour. Though I still have a tender spot in my heart for the State of my nativity, where I spent my childhood, my boyhood, and my early young manhood, yet every fiber of my being and every pulsation of my heart is for Texas and I would serve her honestly, faithfully and efficiently."—Dallas News.

The deceased was buried at Sabinal Sunday afternoon, under the auspices of the Masonic Lodge and attended by the Legislative committee of nine members.

Quite a number of friends from Hondo attended the funeral.

of the Army of Occupation in Germany. "Tin Hats" was written and directed by Edward Sedgwick. Claire Windsor appears opposite Nagel.

If you saw "The Big Parade" you remember Tom O'Brien. Tom is in the army again in "Tin Hats" as the hard-boiled top sergeant. A delight to the audience, Tom strikes terror in the hearts of the three doughboys. For after all, Tom O'Brien wasn't killed in "The Big Parade", but has come back "bigger and better" than ever in Edward Sedgwick's production of "Tin Hats," the Metro-Goldwyn-Mayer picture.

LOSES LIFE IN THE HONDO.

Delfino T. Santos was drowned in the Hondo Creek about six o'clock Monday evening and her body was recovered about noon Tuesday some seven miles down the stream.

From information coming to this paper, it seems a car of Mexicans were enroute from San Antonio to visit relatives on the Felix Batot ranch. In attempting to cross the Hondo at the Utopia-Bandera crossing the car stalled in mid-stream. The creek was rising from rains above and in attempting to get out, Senora Santos, who wore a heavy coat, was caught in the swift current, overcome and washed away. Other members of the party succeeded in reaching the bank, but the car was turned over and washed down stream some distance.

The stream was searched all Tuesday morning with the result that the lifeless body was found drifted up against a bush growing in the edge of the water some distance below Barnes Bluff, having floated down stream about seven miles.

Justice of the Peace H. V. Haass was called to hold an inquest and rendered a verdict of death by accidental drowning. The body was turned over to her husband, Marguerito Santos, and taken to San Antonio for interment.

The deceased was about 22 years of age.

COUNTY ATTORNEY PLANS TO RUN FOR DURHAM'S SEAT.

AUSTIN, Tex., March 8.—County Attorney David C. Brown of Medina County, who was in the Texas capitol Tuesday on department business, said he was seriously considering a request made by friends to announce as a candidate for Representative from the 77th district to fill the vacancy caused by the death of Representative A. J. Durham of Sabinal. Brown intimated that he would make definite decision by the time Governor Moody issues a proclamation for a special election to fill the vacancy.

Grover C. Morris, former member of the Legislature from Medina, now residing in San Antonio, who was also in Austin Tuesday on legal business, predicted that Brown would easily carry the district in the special election.—San Antonio Express.

HONDO MAN TO RUN TO SUCCEED DURHAM.

UVALDE, Tex., March 9.—E. J. Murray of Medina County and a resident of Hondo was in Uvalde Wednesday and announced his candidacy for Representative of this district to succeed A. J. Durham of Sabinal, who died last Friday. Murray is a stockman and for several years has been in the employ of the Live Stock Sanitary Commission as inspector. He will make a formal announcement in a few days.—Thursday's Express.

In an interview with Mr. Murray, he informed an Anvil Herald representative that he would make a formal announcement next week for the position. Governor Moody has not yet issued a call for the special election.

MASONS TO HAVE SCHOOL.

Arrangements have been made for an instructor in the ritualistic work of Blue Lodge Masonry to conduct a school of instruction at the Lodge room all next week, beginning Monday night.

A competent man has been secured, and it is hoped all Masons who can spare the time will take advantage of the opportunity thus afforded to the better inform themselves in the work.

Work every night next week, beginning Monday night at the regular monthly meeting.

CONDITIONS GOOD AT DEL RIO.

Writing to the editor from Bullis, where he is section foreman on the S. P. Ry., August Schmidt says:

The country around Del Rio and out here looks very promising. Have had quite a lot of rain. Had a nice rain last night, but rather a brisk norther blowing this A. M. Fruit orchards are in full bloom at present and everything looks nice. * * * * * Keep my paper coming as you know we always like to hear and read the news from Hondo and surrounding country.

SILVER WEDDING ANNIVERSARY

On Wednesday afternoon friends and relatives of Mr. and Mrs. Otto Mumme of the Peach Tree community assembled at their beautiful home, nestled among the hills, in the upper portion of the county. The occasion was the 25th anniversary of their married life. People from far and near assembled at the appointed hour, 3:30 P. M. and Mr. Robert Mumme, in a very impressive manner read a passage of scripture, appropriate for the solemn occasion, made a few remarks concerning the text and also delivered a brief address in regard to the contracting parties of marriages in general; this was followed by a prayer, after which Rev. Moerner, of the New Fountain congregation, addressed the couple reading a very touching poem, which dealt with past, present and future life of humanity. Several sacred songs were sung by the assembled guests. After joining hands of the bride and groom, Rev. Moerner pronounced the blessing upon them, and every one present joined in congratulating the happy pair who had journeyed hand in hand for the past twenty-five years, and wishing them much joy and happiness in the future. Mrs. Mumme is the eldest daughter of Mr. and Mrs. J. W. Saathoff, and their family is blessed with eight children, four sons and four daughters. They have made their home on their present location for a number of years and are very comfortably situated.

Mr. and Mrs. Mumme were the recipients of many beautiful and valuable presents, a token of esteem in which they are held by all who were present.

After the ceremony, the guests were invited to supper, which consisted of barbecued goat, pickles, bread, cake and coffee, to which all did ample justice. We want to make special mention of the many and most delicious cakes of all kinds that were on the tables, a proof of Mrs. Mumme's and her daughters' ability as bakers of cakes.

The following guests were present: Rev. Moerner and family, Mrs. Kate Mumme and sister, Miss Rosie Grosenbacher, Mr. Hugo Mumme, Mr. and Mrs. Robert Mumme, Mr. Ferdinand Mumme and family, Mr. and Mrs. Ernest Mumme and family, Mr. and Mrs. Hillard Mumme, Mr. and Mrs. Arthur Brucks, Mr. Henry Burger and family, Mrs. Will Martin and family, Mr. John E. Muennink and family, Mr. Frank Muennink and family, Mr. and Mrs. George Muennink and daughter, Miss Emma, Mr. B. C. Wiemers and family, Mr. H. G. Saathoff and family, Mrs. H. N. Burgin and family, Mr. W. N. Saathoff and family, Mrs. F. W. Bohmfalk and family, Mr. C. H. Hartman and family, Mr. F. C. Martin and family, Mr. F. G. Senne and family, Mr. Henry Schuehle and family, Mr. W. J. Hartman and family, Mr. O. J. Wiemers and family, Mr. Ben De Grodt and family, Mr. August Schuehle and family, Mr. Henry Frerichs and family, Mr. Ben Gerdes and family, Mr. Ben de Joirno and family, Mr. Robert Breiten and family, Miss Alice Wall, Mr. Henry Britsch, and also several whose names we failed to learn.

Everybody expressed themselves as having had a pleasant and enjoyable evening and after supper and several hours of pleasant conversation, the guests bid Mr. and Mrs. Mumme good-bye with wishes for many returns of their nuptial day.

13 TOWNS GET GOOD FIRE RECORD CREDITS.

AUSTIN, Tex., March 4.—Good fire records in 13 Texas towns for the last three years were responsible for credits to be deducted from the final insurance rates, the State Fire Insurance Commission announced Friday.

Towns in which credit was given: Smithville, Nordheim, LaGrange, Hondo, DeLeon, Cuero, Anna, all 15 per cent; Josephine, 12 per cent; Pecos, 9 per cent; Wortham, 6 per cent; Troup, Prosper and Garland, 3 per cent.

Where charges are to be added: Kemp, Meridian and Lone Oak, all 15 per cent; Temple, 9 per cent. No change: Ferris and Barstow.

Mr. Armin Schneider and his wife Hulda Etter were happily married in wedlock last Tuesday, March 1, 1927, at the home of the bride's parents, Mr. and Mrs. Walter Kralik. The attendants were Mr. and Mrs. Graff and Miss Edna Etter, members of the two families present. After the ceremony of the day was spent in eating and celebrating the happy union, we join in wishing the new couple a long, a happy and a prosperous married life.

A little daughter of Mr. and Mrs. Newton McKinney died at her home on lower Medina Wednesday afternoon, March 2, aged one half year. The little girl was brought to Castroville Wednesday afternoon and tenderly laid to rest at the Lutheran cemetery, Haskarl, of Quibi, performing the sad rites. We join this entire community in sympathy with the loved and grief-stricken family.

A most deplorable accident happened Sunday night. Two young gentlemen and two young ladies of San Antonio were on their way home, when reaching the approach to the bridge, the man at the wheel must have lost control of the car and went smashing through the railing and plunged down the bank about 15 feet high. Both young ladies and the young man were badly bruised, while the driver passed through the ordeal with only slight bruises. First aid was rendered, and then the party was taken home to San Antonio. The car is almost an entire wreck.

We learn that Dr. L. A. Koontz, of LaCoste was taken to San Antonio one day last week where he underwent an operation. At last report he was getting along fine. We join in wishing him a speedy and permanent recovery.

Fritz Huesser, of San Antonio, came out one day last week to spend his vacation. After a few days visit with relatives in our midst, he left for Hondo.

A fine rain visited this section Monday night followed by a brisk norther today.

LIVE-AT-HOME LETTERS.

(Issued by the Agricultural Department, Southern Pacific Lines and distributed by bankers. Compiled from experiences of farmers, statements of bankers, A. & M. College authorities, county agents and others. Address all communications to Live-At-Home Letters, 418 Southern Pacific Building, Houston, Texas.)

"Health and contentment on the farm cannot be purchased from the store, in tin cans or paper sacks, but the essentials for these can be produced from the soils on every farm in Texas."—C. H. Alvord, Director Extension Service, A. & M. College.

Sufficient food and feed, with one or two good milch cows, some hogs, and a few standard bred hens on each farm.—Condensed from Slogan of East Texas Chamber of Commerce.

The President of one of the banks in a thrifty north Texas community recently said that he had just gone over his credit ledger, covering the records of the past 15 years. He added that there was no farmer who had been on his farm for two or more years, and who had practiced Live-At-Home methods, that had ever borrowed a dollar for the purpose of making crops.

When a little extra effort, or when a little work put in at odd times, will grow foods and feeds, it will never be cheaper for a farmer to buy them with cotton money. It requires a portion of about seven months to make a cotton crop—why not use the other portion of this seven months, and the part of the other five months in producing foods and feeds?

The following extracts are taken from a letter written by a Texas banker to Clarence Ousley, Director of the Texas Safe Farming Association. For obvious reasons it was asked that the names of the counties be not quoted.

"The small banks in.....county are not in a position to finance the farmers, and the stronger banks are very reluctant to advance funds to cotton farmers. —Many farms are being abandoned. —Several of the smaller banks in.....county have failed. —In striking contrast with the conditions described is the situation in.....counties, where farmers in 1926 were able to pay all their current obligations from the sale of poultry and milk products, and their cotton was a surplus. The banks in these counties are comfortable and farmers find no difficulty in obtaining accommodations."

E. J. Kyle, Dean of the School of Agriculture, A. & M. College writes as follows:

"One of the most important factors which will influence the welfare of the farmers of the State is for them to learn methods of how to live at home. It seems to me we should lay a new agricultural foundation which would contain four main supports, as follows:

1. Different kinds of livestock on the farm, especially dairy cows and hogs.
2. Poultry on the farm, including both chickens and turkeys.
3. Fruits and vegetables sufficient, at least, for home consumption—fresh, dried and preserved.
4. An agricultural and economic program that will help us dispose of our production to a better advantage."

Live-At-Home Letters want sketches or stories of Texas farmers who have been successfully practicing Live-At-Home methods. Photos of these farmers are also wanted. Any one is invited to send in such stories or sketches, which should contain about 300 words to 400 words. Acceptable sketches will be given wide publicity in newspapers.—Contributed by D'Hanis State Bank.

Overdoing?

Hurry, Worry and Overwork Bring Heavy Strain.

MODERN life throws a heavy burden on our bodily machinery. The eliminative organs, especially the kidneys, are apt to become sluggish. Retention of excess uric acid and other poisonous waste often gives rise to a dull, languid feeling and, sometimes, toxic backaches and headaches. That the kidneys are not functioning perfectly is often shown by burning or scanty passage of secretions. More and more people are learning to assist their kidneys by the occasional use of Doan's Pills—a stimulant diuretic. Ask your neighbor!

DEVINE NEWSLETS.

From The Devine News.

Albert Blatz has bought the Mrs. Mary Blatz home in Devine of his mother. He has been occupying the property for some time, his mother residing on the farm.

From Yancey.

We are having real spring weather, the birds are vying with each other as to which one can chirp the sweetest melodies; doves are cooing—the whole air seems filled with the melodies of the feathered tribe. The air is cool, calm and crisp, makes one feel that spring is making its advent. Farmers are happy over the good season and a good deal of corn has been planted to date, and some has come up and looks good. Gardens that were considerably damaged by the recent hail are looking well, again, and new spring gardens are being planted. Although we have good season in the ground for farming, we could stand a nice little shower as the top of the ground is very packed on account of the hail and the hard rain of several weeks ago. Hondo and vicinity had a good rain last Friday.

Last Thursday, Mrs. C. J. Oefinger took sick very suddenly and Dr. Smith was called to treat her and her condition grew worse until Saturday night, Dr. Smith advised that she be carried to a hospital in San Antonio, and immediately preparation were made to take her. In the afternoon she underwent quite a serious operation. Mr. Oefinger and son, Ben, of Hondo, and daughter, Miss Lizzie, who is a graduate nurse, accompanied her, and we are glad to say, at this writing, she is getting along nicely, and we hope she will soon be able to come home again.

3. The Contest is open to anyone living any place in the United States. No regular salaried employees of The National Farm News or any of their relatives may enter.
4. Collaboration is permissible, but collaborating parties must not submit more than one list. Any list sent in that may be found to have been compiled by one and the same person or group of persons, will be rejected and not counted.
5. In case of a tie, duplicate prizes will be awarded.
6. Webster's New International Dictionary, 1926 edition, will be used in determining the correctness of words.
7. Words must be written on one side of the paper only and must be numbered consecutively. No list will be counted which does not conform to this rule. Prepare your list neatly. Name and address must appear on each sheet.
8. Three executive officers of The National Farm News will act as judges in the Contest, and contestants agree to accept their decision as final and conclusive.
9. All lists of words and accompanying subscriptions must bear a postmark not later than Saturday, March 26, 1927. SOPHIAN CLUB.

The Sophian Club held its regular meeting Wednesday afternoon and the study was of "Louisiana or Creole Stories". Mrs. Fletcher Davis, leader, read a paper entitled, "George W. Cable and his Creole Stories—'Old Creole Days'". Then followed a discussion of "Cable's Attitude towards the Negro Question", "Rank of Cable's Stories in American Fiction", "Grace King as an Echo of Cable", and "The Adaptability of New Orleans Life and Atmosphere to Fiction."

Mrs. Edward Cameron gave interesting and complete reviews of two recent Southern novels, "Queed" and "Andrew Bride of Paris", by Henry Snyder Harrison.

The Club had the pleasure of having with it, Mrs. George W. Gilliam, now a member of the Woman's Club of Taft, Texas, but formerly Miss Nell Wilson, of this place, who, as a brilliant pianist won enviable praise. Mrs. Gilliam made a brief talk telling of what the new club at Taft is accomplishing in the way of procuring a home for the club, starting a library, planting trees, etc. Her talk lent encouragement and inspiration to the local club.

FORTY-TWO CLUB.

'The wearin' o' the green', suggestive of the approach of St. Patrick's Day, was much in evidence Thursday afternoon when Mesdames R. W. Speece, Earl Starnes and Oscar Schuehle entertained the members of the "42" club and a number of guests Thursday afternoon.

Tallies of green and white were drawn from the brim of a tall silk hat which adorned the center of a table and around which favors of green "snaps" containing green caps were placed for those having the good fortune to make their bids of

Fifteen games were played, Mrs. F. H. Schweers winning high score of eleven games.

After the games the guests repaired to "Parkers", where they were received by the hostesses, adorned in caps and aprons characteristic of the maids of Erin, and served delightful refreshments of fruit salad, topped with green mayonnaise, shamrock shaped sandwiches, potato chips and hot coffee. Dainty favors of diminutive green sun-shades and baskets filled with candy in the shape of pipes and shamrocks, further carried out the St. Patrick's Day idea.

The guests were Mesdames H. B. Jurney, James Bierschwale of San Antonio, E. J. Murphy, Theo. Barnes, E. H. Frerichs, Mimke Muennink and Miss Lena Stone. The members present were Mesdames L. E. Heath, Horace Bradley, Fletcher Davis, Ed-

Fordson THE UNIVERSAL TRACTOR

How Power Tools Pay for Themselves

It is no longer necessary for the farmer to use the old-time costly manual farming methods. He can motorize his farm. He can buy power tools now and let them pay for themselves. The new A. B. C. Finance Plan makes this possible.

The tractor represents the movable power plant of the farm. Today the farmer can actually finance this most useful of all power implements for less than the cost of keeping one horse for four and one-half months and take two falls' time to pay for the same! To lower his costs, to make his farming more profitable, the farmer needs the Fordson tractor and power-driven tools. The A. B. C. Plan supplies him the money to pay for them.

Recent United States Department of Agriculture Surveys reveal amazing facts on the high cost of horse power. They show big labor-saving and money-making opportunities open to farmers who use power tools.

The Government says that each year the farmers of the United States spend THREE THOUSAND MILLION DOLLARS (\$3,000,000,000) for power. They use more power than all the factories and all central power stations combined. Where would factory owners be if they tried to drive their factories with muscle power?

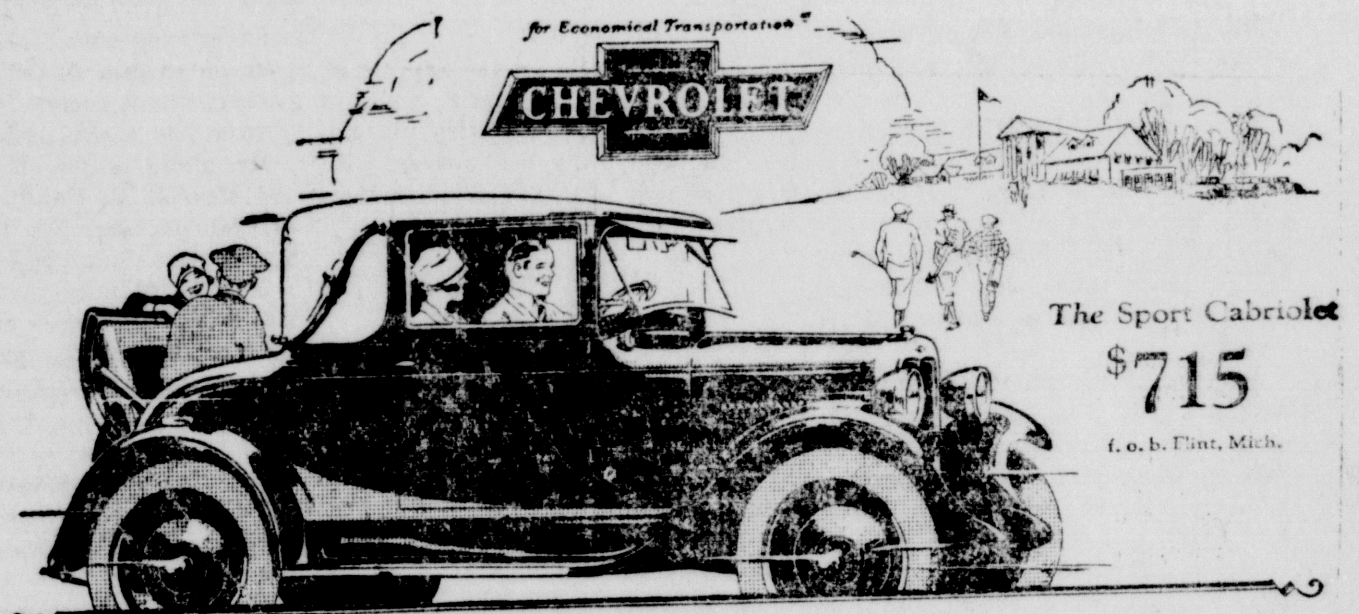

80.8%, or four-fifths of all the power expenditures go for horse power. This same horse power produces only 40.8% of the total energy.

Again, per H. P. hour, the horse costs 25c; the tractor, when plowing 12 1/2 c; in the belt 6c

See U. S. Government Dept. of Agriculture Bulletin No. 1315. LET US EXPLAIN THIS PLAN.

J. H. Gray et al No. 1 Mann in Medina County, at 1,016 feet, got the best oil showing it has had yet, enough oil to make a solid showing of oil on the ditch. A core was taken Monday and it looks good. Drilling has continued and Tuesday noon the total depth was approximately 1,036 feet and still in the same hard sandy shale. They are feeling their way ahead to find out how much of the formation there is carrying oil and whether it will be sufficient to make a well.

Wheless & Peters are drilling at about 500 feet in their well in Medina, northwest of Castroville, the No. 1 Berger in the Teel survey, with no particular change.—Wednesday's Express.
